## **PROJECTS**

### Blog Website

#### HTML5 | CSS3 | JavaScript | Node | Express | MongoDB

 This project involves personal blog website using HTML5, CSS3, JavaScript as front-end, and Node, Express, Mongo DB as back-end. The website will allow users to read blog posts and comment on them. The website owner will be able to create new blog posts, edit existing ones, and manage comments.

### Real Time Weather App

### HTML5 | CSS3 | REST-API | Node | Express | JavaScript

• The goal of this project is to create a real-time weather app that provides current weather data for a given location. The app will use the Open Weather API to retrieve weather data and display it to the user. The app is be designed using HTML5, CSS3, and JavaScript . The server-side processing will be done using Node, Express, and REST-API.

### News Letter Signup

#### HTML5 | CSS3 | REST-API | Node | Express | JavaScript

• The goal of this project is to create a newsletter sign-up page for a website using HTML5, CSS3, JavaScript as front-end, and REST-API, Node, Express as back-end. The page will allow users to enter their name and email address and submit the form to subscribe to the website's newsletter.

### 

### HTML5 | CSS3 | JavaScript | Node | Express | MongoDB

 This project is to develop a web-based to-do list app that allows users to create and manage their daily tasks more efficiently. The app will be developed using a modern web development stack, including HTML, CSS, JavaScript, and a backend framework like Node. Js and Express. The app also use a database MongoDB to store user data.

### Simon Game

#### HTML5 | CSS3 | Bootstrap5 | JavaScript | ¡Query

• This project is to develop a web-based version of the Simon game that includes both a front-end and a back-end component. The app will allow players to follow the pattern of flashing lights and sounds, and track their scores over time.

## **EDUCATION**

Bachelor of Science Information Technology

## **Thakur Shyamnarayan Degree College**

**June 2022 ⊕**CGPI: 9.02

### Diploma

Information Technology

### **Pravin Patil Polytechnic**

Mov 2020

Percentage : 76.35 %

## **SKILLS**

• Front End: HTML5, CSS3, JavaScript Bootstrap5, ¡Query, React.Js

• Back End: Node.Js, Express.Js, Rest-Api

• Database : Sql, MongoDB Version-Control: Git, GitHub

Cloud: Heroku, Netlyfy

## **ACTIVITIES**

 Certificate of Participation in State Level Workshop on 'Machine Learning

Nov-2021

- · Certificate in National Level Quiz Competition On 'Data Science' Oct-2021
- Certificate in National Level Quiz Competition 'Logical Reasoning' Aug-2021
